

**MONDAY April 11, 2011**

PERIOD 1, 9:00 am -10:30 am

**OFFICIAL OPENING OF THE CONFERENCE**

**Room: Mediterranean Center/West**

**Opening Remarks - Yasser Hosni, President of IAMOT**  
**Welcoming Remarks - Tarek Khalil, COB and Founder of IAMOT**

**Keynote Address**

**Sydney Kitson**

*Chairman and CEO Kitson & Partners*

**Managing Complex Green Technology-Based Projects**

*In 2006 Kitson completed the historic purchase of Babcock Ranch in Southwest Florida, encompassing more than 92,000 acres – an area five times the size of the island of Manhattan. Over 80% of the original land purchase, some 73,000 acres has been preserved by the State of Florida and Lee County in the largest single land preservation agreement in the state's history. On the remaining land Kitson & Partners will build an extraordinary, sustainable, environmentally-friendly green community where residents will live, work, learn and play amidst the natural splendor of Florida's undeveloped wilderness. Babcock Ranch is an exceptional example of environmental preservation and responsible growth. Mr. Kitson will speak on his experience in managing such project.*

**TUESDAY April 12, 2011**

PERIOD 1-A, 8:15 am - 9:10 am

**Room: Mediterranean Center/West**

**Keynote Address**

**Ralph Avallone**

*President and CEO, International Green Energy Council (IGEC)*

**Temporary title: Towards a Greener Life**

*The IGEC is an International association comprised of individuals and companies that promote "Green" (sustainable) forms of energy production, renewable energy sources, sustainable design practices and advanced thinking in utilizing education and information for the promotion of being better stewards of our environment. Mr. Avalon will address issues related to the implementation of Green technology in all aspects of life.*

**WEDNESDAY April 13, 2011**

PERIOD 1-A, 8:30 am - 9:30 am

**Room: Mediterranean Center/West**

**Keynote Address**

**Dr. Aaron J. Shenhar**

*Professor of Supply Chain and Project Management, Rutgers Business School, USA*

**Reviving the Economy with Management of Technology**

*The presentation will analyze some of the pitfalls of the economic system and the neglect of the power and potential of technology management. More important, it will show what the government, industry, and academic sectors can do to help the economy grow again. It is based on years of experience in the three sectors of government, industry, and academia.*

**THURSDAY April 14, 2011**

PERIOD 1.A, 8:30 am - 9:30 am

**Room: Mediterranean Center/West**

**Keynote Address**

**Josh Kellam**

*President Citizens for Clean Energy*

**Florida's Energy Future: The Dawn of a New Era: Jobs, Jobs, Jobs**

**Buck Martinez**

*Senior Director of Development, Florida Power & Light (FL&L)*

**Energy and its Future: Case of the State of Florida**
